

2026 SEAA Member to Member Special offer

Start Your
AI Journey
today!

The Offer

We're offering the real deal. You get to use Versatile on a live project for **two months at no cost**. You'll have full support from our team and daily data to help you stay in control of your project every step of the way. Get the insights that only come from Versatile.

What's Included

- One Versatile data capture device (shipping including)
- Full access to Versatile, including Control Center & Material Tracking for unlimited users
- Full Support from our team

Why Take the Offer

- Start getting actionable jobsite insights without any change in workflow. Really. Results include better reporting, more efficient crane time, and increased productivity.
- We have a limited number of devices* so secure yours now!

Getting Started

Contact us for the details. You'll need to sign a Master Services Agreement (MSA) and a Work Order (WO) for the complimentary offer. These ensure alignment on data rights, hardware use, and platform access. Rest assured: Both are fully complimentary and carry no financial commitment. This protects both parties while letting you gain the benefits of the platform at zero cost.
