

SEAA Craft Training Grant

Become an NCCER accredited Training Unit, TU, and Assessment Site, AAS, and provide your employees industry recognized training and credentials. As an Assessment site you can verify the knowledge and skill level of current and potential employees and provide a training prescription to meet the needs of each individual. Individuals passing both knowledge and performance verification are awarded the NCCER Certified Plus designation.

As a Training Unit you can purchase and deliver curriculum materials for all craft areas. While our goal is to grow the Iron Worker Craft Training program, Assessment Sites and Training Units are not limited to a single craft area. NCCER curriculum is available for over 67 craft areas.

This grant will pay for the initial TU/AAS set up, administrator, instructor and coordinator training, plus a set of both instructor and trainee customized texts for the SEAA Iron Worker Levels 1 – 3 and electives. Companies pursuing other craft areas can substitute textbooks for that craft area.

The SEAA Education Committee will award the SEAA Craft Training Grant, not to exceed \$4,500, to a member company at the Annual SEAA Conference.

To apply: Complete and return the **SEAA Grant Application** below and send all documentation to admin@seaa.net by **March 15**.

SEAA Craft Training Grant

GRANT REQUEST FORM

SEAA Grant applications will be accepted through **March 15** each year for funding of \$4,500 to be awarded during the Annual Convention. Applications will be scored based on applicant's collaboration and progress toward one or more SEAA Education and Training Committee Goals. *(Note: Purpose of this grant is to reimburse up to \$4,500 of startup costs.)*

Requirements

1. Applicant MUST be a member in good standing.
2. Winner must be fully willing to partner with other SEAA members to provide regionally located training units and assessment sites throughout the US.

Please contact Tom Underhill at the SEAA office by phone (336) 294-8880 or email tomunderhill@seaa.net if you have any questions on the submittal of your application.

Submit application by **March 15** to allow time for internal review of your grant application.
