

BECOME A MEMBER

Founded in 1972, the Steel Erectors Association of America (SEAA) is the only national trade association representing the interests of steel erectors, fabricators, and related service providers. SEAA offers an Ironworker Apprenticeship program that is approved by the U.S. Department of Labor.

SEAA members represent both small businesses earning under \$3 million per year as well as large corporations generating more than \$10 million per year. Working in both unionized and open labor markets, members share a broad range of expertise in the construction of single and multi-story buildings, arenas, bridges, and rail and highway structures. Many are award-winning organizations, recognized for their contributions to the environment, safety, and the industry.

Fabricators, central to the building process, connect the designers, engineers, and erectors to the contractors. Fabricators purchase raw steel and then prepare it for the building process. Their role in sequencing material and providing construction drawings is crucial to the erectors' success. Historically, SEAA has played a key role improving communication between fabricators and erectors.

Other members include general contractors, service providers, specialty services, suppliers and manufacturers.

Mission

SEAA is dedicated to advancing the common interests and needs of all engaged in building with steel. SEAA's objectives in achieving this goal include:

- Promotion of safety, education, and training programs for steel erector trades
- Development and promotion of standards
- Cooperation with others in activities that impact commercial construction business

BENEFITS OF MEMBERSHIP

Industry Representation

SEAA strategic partnerships with industry groups provide member companies with industry representation with numerous government agencies and standards committees, including:

Employee Safety / Steel Erection Training Programs

SEAA has developed safety training products to assist organizations with OSHA Compliance, workplace safety, and professional/craft-worker development. Programs are designed to assist contractors, engineers, steel detailers, architects, and other safety personnel in understanding and complying with the new Subpart R - Steel Erection Standard and its training requirements. Programs are available in English and Spanish.

SEAA Custom Ironworker Craft Training Curriculum

SEAA, in partnership with NCCER, is implementing strong workforce development programs, while helping individuals get the training and assessments they need to build successful careers in the construction industry. Curriculum is available for purchase includes Trainee & Instructor Guides for Levels 1, 2, 3, and Elective Modules. Details are available by visiting seaa.net or by calling the SEAA office at 336-294-8880.

News & Safety Alerts

SEAA produces periodic publications to keep members informed on emerging regulatory requirements, new technologies, safety alerts and news – updates that necessitate contractors stay current.

CONNECTING STEEL ERECTORS, FABRICATORS AND CONTRACTORS

Annual SEAA National Convention & Tradeshow

SEAA's annual convention is a great opportunity to gather with colleagues and find solutions to your shared challenges. The convention has insightful speakers, expert advice, educational workshops and sessions, and hands-on demonstrations with manufacturers' representatives. Attendees take home valuable information, networking connections, and proven strategies to promote their businesses.

APPLICATION FOR MEMBERSHIP

FIRM NAME _____
YOUR NAME _____ TITLE _____
PHYSICAL/BILLING ADDRESS _____
CITY _____ STATE _____ ZIP _____
PHONE _____ FAX _____
CONTACT NAME _____ CONTACT TITLE _____
CONTACT EMAIL _____

Does the firm perform the erection of steel and/or allied material exclusively? Yes No

Geographic area covered by your firm: _____

How did you hear about SEAA? _____

Annual Membership Dues (January-December): *(Please select one.)*

ERECTORS BASED ON ANNUAL REVENUE VOLUME:

- \$0-3 million \$ 700
- \$3-5 million \$1,150
- \$5-10 million \$1,500
- \$10-up million \$1,900

OTHER BUSINESSES:

- Fabricators \$1,450
- General Contractors \$1,450
- Suppliers & Manufacturers . . \$1,450
- Specialty Services \$1,450
- Services \$1,450

Payment:

- Check (payable to SEAA)
- VISA MasterCard AMEX Discover

Credit Card # _____ Exp. Date _____ CCV Code _____

Cardholder Name (print): _____

Please tell us about your firm by checking all categories that apply:

ERECTORS:

- Structural steel, steel joints
- Prefabricated building and/or siding
- Reinforcing steel and/or post tensioning
- Miscellaneous metals, stairs, ornamental iron
- Precast concrete - structural
- Precast concrete - architectural
- Metal deck

FABRICATORS:

- Structural steel
- Steel joints - supplier and/or sales
- Metal deck - manufacturer
- Metal deck - supplier and/or sales
- Reinforcing steel/wire mesh
- Prefabricating buildings and/or siding
- Precast concrete - structural
- Precast concrete - architectural
- Miscellaneous metals, stairs, ornamental iron

GENERAL CONTRACTORS

SUPPLIERS & MANUFACTURERS:

- Crane sales
- Wire rope, slings, accessories
- Equipment and/or tools
- Safety equipment
- Fasteners

SPECIALTY SERVICES:

- Crane and equipment rentals
- Certified welding
- Millwrights, industrial machinery installation
- Heavy equipment moving and rigging
- Sheer stud installation

SERVICES:

- Financial
- Insurance, risk management
- Legal
- Testing labs and/or independent inspectors
- Crane certification and inspection
- Consulting
